

Imóveis Portugal

DEVELOPERS

For property developers

Readers who look up a municipality and a budget on the map see your development there, with its published prices and the sponsored label. From a €300,000 apartment to a €10 million villa.

Who reads us

People with a plan: the home they will live in, a holiday home or an investment. They buy from the country where they live. They want clear rules, correct figures and good professionals.

Before launch, with real numbers

- 93,659 Portuguese nationals live in Luxembourg, 14.5% of the population (STATEC, 2021 census).
- Licensed partner group: estate agency (AMI 13250), credit intermediary and insurance.
- Six editions in three languages and a newsletter every Thursday from 1 December 2026.
- Audience figures appear here as soon as they exist.

Where you appear

- On the calculators, marked "offered by".
- On the questions in your category, with a labelled answer.
- In the Thursday newsletter.
- In a chapter of the free guide.
- On the map and in the "talk to a partner" lists for your category and editions.
- In the Private section, for budgets from €1 million.

What you get

- A map position in your municipality, for your development's budgets.
- A development page, labelled as sponsored, with the buying costs worked out.
- A feature in the newsletter of the editions you choose.
- From €1 million, a place in the Private section.

One client covers the year

For a lawyer, one purchase file. For a bank, one mortgage. For a developer, one sale. For a private bank, a client for many years.

The network is open: several partners per category and edition. The order follows response time and readers' ratings. Real estate, mortgages and insurance stay with the partner group.

What partners get

Area placements, for developers

On the map, on the area's price page and on each municipality card: your logo, one project and the sponsored label. Up to three per area.

Path steps, for advisers

In each country, every step of the path ends with the partner who handles it: bank, lawyer, tax adviser, money transfer. Up to three per step and country.

The Private section

Residence, IFICI, inheritance and holding structures, for budgets from €1 million, in every country.

Launches

A new project featured on the map, on the area page and in one newsletter.

Terms on request. Terms on request. Places are limited per area and per step. The first ten partners get founding-partner terms, until 1 December 2026. Terms on request.

Our rules

- All sponsored content is labeled as such.
- We publish no promises of returns.
- Every partner pays a flat annual fee, never a fee per contact.
- Buying requests go only to our licensed partner agency.
