

Imóveis Portugal

PARTNER BROCHURE · CONFIDENTIAL

For property developers

Your next clients are preparing a home in Portugal, from six countries.

Who reads us

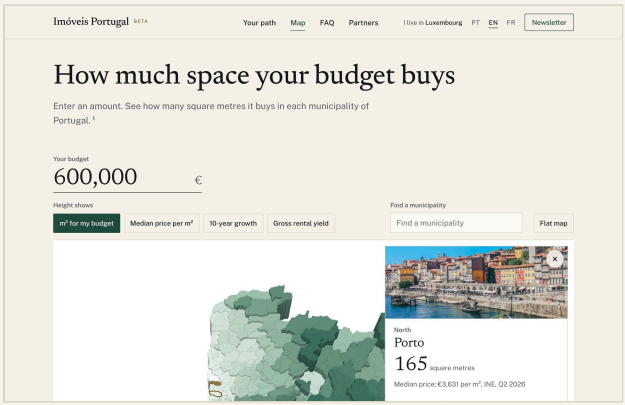

People living in Luxembourg, France, Switzerland, Brazil, the United States and Israel who are preparing a purchase in Portugal, from €300,000 to over €10 million. Six editions, three languages (Portuguese, English, French), a newsletter every Thursday.

Why now

Launch on 1 December 2026. The first partners appear from the first issue and fix their price for two years.

The house style

Calm, discreet, exact: every figure with its official source, every partner with its licence, sponsored content always labelled. Readers feel looked after, whether they have €300,000 or €10 million.

The map

Any budget, in square metres, in each of the 308 municipalities, in 3D, at INE's median price.

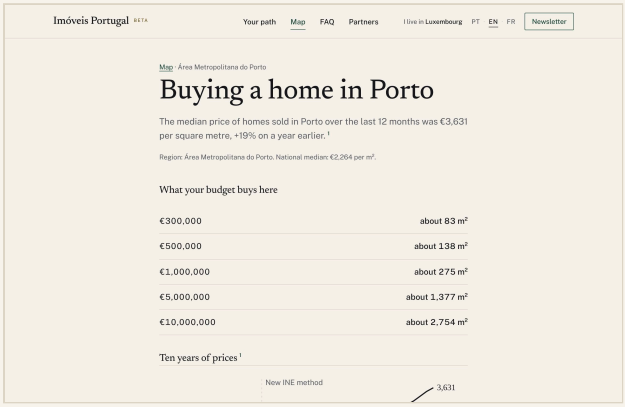

Ten years of prices

Prices, rents and gross yield by municipality since 2016, in the reader's currency.

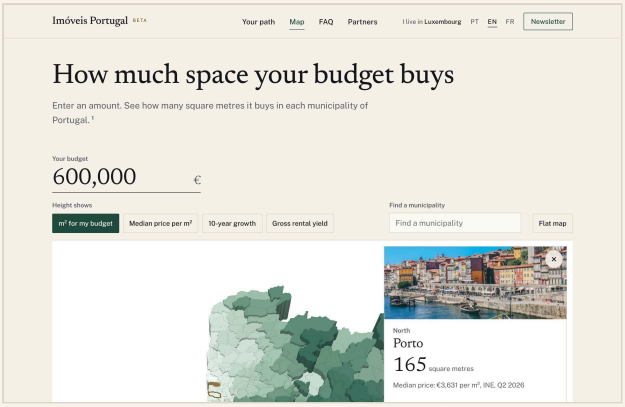

What you buy

Area placements: on the map, on the area's price page and on each municipality card, your logo, one project (name, price from, typology, link) and the "Sponsored" label. Three developers per area at most, in Portuguese, English and French. A launch features a new project on the map, on the area page and in one newsletter.
