RULES FOR EVERY APPROACH

1. Evidence first: each firm already spends on this audience. Open the evidence link before writing.
2. One ask: a short call. The brochure carries the prices; the email never does.
3. Flat annual fee, labelled sponsorship, no exclusivity before launch (D6, D32).
4. No real-estate agencies (D9), no Russian capital (D11). Credit and insurance stay with the partner group (D32).
5. Flags: "Confirm developer" means identify the promoter first; "Check outside-activity rules" means clear it against your own professional obligations first.

NEXT RESEARCH

Three slots are still open and are not in this book until a firm is confirmed from a public source: a Luxembourg cross-border tax adviser (after your outside-activity check), an Israeli tax adviser, and a shekel transfer provider. Swiss and Luxembourg private banks join only once their Portugal activity is confirmed.

PARKED

Credit brokers (Rio Credits, Cafimo, Cafpi, Solutis crédit, Meilleurtaux, ComparaJá, Doutor Finanças) and insurers or insurance brokers (Fidelidade, Império/Ageas, Verspieren and others) compete with the partner group's credit and insurance businesses (D32). Parked until you decide.
