

Imóveis Portugal

FOR PARTNERS · UNITED STATES

Your next clients are preparing a home in Portugal

Imóveis Portugal is for people in Luxembourg, France, Switzerland, Brazil, the United States and Israel who are preparing a purchase in Portugal, from €300,000 to €10 million. Six editions, three languages, launching on 1 December 2026.

Who reads us

People with a plan: buying the home they will live in, a holiday home or an investment, from the country where they live. They want clear rules, correct figures and reliable professionals at every step.

Before launch, with real numbers

- 93,659 Portuguese nationals live in Luxembourg, 14.5% of the population (STATEC, 2021 census).
- Licensed partner group: estate agency (AMI 13250), credit intermediary and insurance.
- Six editions in three languages and a newsletter every Thursday from 1 December 2026.
- Audience figures appear here as soon as they exist.

Where you appear

- On the calculators, marked "offered by".
- On the questions in your category, with a labelled answer.
- In the Thursday newsletter.
- In a chapter of the free guide.
- On the map and in the "talk to a partner" lists for your category and editions.

One client covers the year

One purchase file for a lawyer, one transfer for a money-transfer firm, one mortgage for a bank, one sale for a developer, one client relationship for a private bank.

The network is open: several partners per category and edition, ranked by response time and reader ratings. Real estate, credit and insurance stay with the partner group.
