Letter sponsors (prompt 54 §4), 2 Nov 2026

The full list is sponsors/letter_sponsors.csv: **344 real companies and public bodies**, **companies only**. Each row has:

- category and country;
- why the letter fits them;
- the calendar slot;
- the product to pitch;
- a public contact, press or partnerships page on their own site;
- a size signal with its source;
- priority (A/B/C);
- whether the company is already in sponsors/pipeline.csv.

The list contains no personal names, no personal emails and no phone numbers. **No real-estate agency other than the partner is included (D9).** Nothing was sent and no one was contacted. Every company was checked on 2 Nov 2026. Research notes per group, with what was dropped and why, are in sponsors/research/sponsors_S1_notes.md (money and services), sponsors_S2_notes.md (developers, hotels, tables, wine, golf, sea, art, events) and sponsors_S3_notes.md (travel, cars, luxury, home, architects, property services, tourism boards). The merge and its checks are sponsors/build/letter_sponsors.py.

The numbers:

- **344 companies:** 88 priority A, 136 B, 120 C.
- **Contact pages:** 325 load (HTTP 200, final URL after redirects recorded); 18 block scripts, so open them in a browser before use; 1 needs a check.
- **A spot re-check of 40 random contact pages:** 39 loaded and 1 redirected to an error page (marked "check").
- **Already in the pipeline:** 51 companies. pipeline.csv stays the source of truth for those (CLAUDE.md rule 13).
- **Products pitched:** partner block 180, series 66, Friday weekend item 38, event 35, "Apresentado por" 25.

By category

Relocation, schools, healthcare: private healthcare	5	3	1	1	0	CUF, Lusíadas Saúde, Luz Saúde (Hospital da Luz)
Relocation, schools, healthcare: relocation services	4	0	1	3	0	—

Who to call first, by the calendar (December 2026 to May 2027)

1. **December–January, the year-end decision season:** the Portuguese banks' non-resident units and the international private banks with Portugal desks, for "Apresentado por" in January. Currency transfer firms and insurers fill the blocks.
2. **New Year:** Madeira hotels and the Funchal events, as Friday items in the last December letters.
3. **February–April, the golf weeks:** Algarve golf resorts, golf courses and academies, as a six-letter series. The golf day event goes in October.
4. **March–May:**
    - developers, for their launches (series or blocks);
    - airlines, for summer routes;
    - interiors and kitchens, for the renovation season;
    - ARCOlisboa (May) for the galleries.
5. **All year:** law and tax firms, insurers, relocation, schools (September intake, so pitch them from May) and private hospitals.
6. **Later, by procurement:** tourism boards, municipalities and AICEP. All are priority C and need the Lda and public-procurement rules (CCP) first.

Before anyone uses the list

- **Pitch each group once:**
    - Boca do Lobo, Essential Home and Brabbu are all Covet Group;
    - Vilamoura World and Marina de Vilamoura;
    - Pestana Hotel Group and Pestana Golf;
    - the Fladgate Partnership and The Yeatman;
    - Ageas and Médis.
- **Christie's and Sotheby's** are listed as auction houses only. Their real-estate arms are agencies and stay out (D9).
- **Decisões e Soluções** was removed because it also runs a real-estate arm (D9).
- **Property managers and concierges** were left out because no agent licence (AMI) status could be confirmed for any of them. GuestReady was removed for the same reason.

- **Some size signals are weak:** group-level revenue for car brands and airlines, ArchDaily project counts for architects, qualitative signals for about 25 rows. Treat priority as a starting point.
- **"Why it fits" and the calendar slot are our judgement,** not checked facts. Check airline routes against current schedules before a pitch.
- **Adding a company to sponsors/pipeline.csv** is the CEO's decision (task 54b), then the sponsor builder (python3 sponsors/build/build_v2.py).

Could not verify

- **Sites that refuse scripts (18 rows, "blocked"):** they include Banco Carregosa, Bankinter, Julius Baer, EFG, Edmond de Rothschild, Revolut, Currencies Direct, PwC, Blevins Franks, SWISS, Air France, Transavia, Tesla, Salvador Caetano, El Corte Inglés and Tivoli.
- **Unreachable sites or no contact page,** so the company was dropped: Kronos Homes, MAP Real Estate, Palácio do Correio Velho, Veritas, Licor Beirão and others (listed in the notes).
- **Events whose current edition could not be confirmed:** EVOOLUTION, the Portugal Masters, an Ocean Race stopover.
- **Portugal desks not confirmed** for Lombard Odier, Quintet and Andbank (the "why it fits" says so).
- **Out of reach from this session:** portugalresident.com (not allowed by the network).
