### Rules for every approach

1. Evidence first: each firm already spends on this audience. Open the evidence link before writing.
2. One ask: a short call. The brochure carries the prices; the email never does.
3. Flat annual fee, labelled sponsorship, no exclusivity before launch (D6, D32).
4. No real-estate agencies (D9), no Russian capital (D11). Credit and insurance stay with the partner group (D32).
5. Flags: "Confirm developer" means identify the promoter first; "Check outside-activity rules" means clear it against your own professional obligations first.

Swiss and Luxembourg private banks with Portugal-linked activity (for example Lombard Odier, Pictet, UBS, Quintet, BIL, Banque de Luxembourg): listed only once their Portugal activity is confirmed from a public source, and after your outside-activity check.

## Parked

Credit brokers (Rio Credits, Cafimo, Cafpi, Solutis crédit, Meilleurtaux, ComparaJá, Doutor Finanças) and insurers or insurance brokers (Fidelidade, Império/Ageas, Verspieren and others) compete with the partner group's credit and insurance businesses (D32). Parked until you decide.
